Description

A George V era silver and guilloché enamel compact is hallmarked for Birmingham 1916 with a slightly indistinct maker's mark C & S or C which could be for Cohen & Charles. The compact base and lid are made of plain smooth silver with a good working hinge and attachment rings. The lid is inset with mauve guilloché enamel in a wavy pattern around a target. Variations in the depth of about three of the wavy line circles cleverly create eye catching changes in the colour shade, from mauve to a pinkish mauve. The lid interior holds a mirror and the lid catch works perfectly.
