Description

The watch is the top of the range Seamaster automatic day date with calibre 752 movement with 24 jewels, as you can see it is in fabulous like new condition. This was the last of the great in house movements made by Omega. The frosted silver dial with day and date is almost perfect and totally original it has never been restored or retouched in any way. It has the Seamaster symbol on the back of the case which is bright and crisp and also the Omega symbol on the crown. The movement has just been serviced and comes with a 1 year warranty. The watch comes with its original bracelet these are very rare. It will fit a wrist size up to 7 1/2 inches or we can fit a leather strap if you prefer. Spare links for this bracelet are obsolete from Omega but you may be able to find some on ebay if needed. As you would expect the watch is fully marked on the dial, movement and case. The watch case measures 36.5mm wide not including the crown this was the largest size Seamaster of this period. One of the very best examples you will find, a superb watch to be handed down through the generations. If you would like to buy or reserve this watch please telephone us on 01726 813155 ...
