Description

A good example of a Georgian toddy ladle with a long ebonised twisted handle and a solid Silver bowl. The round bowl has a beautiful repousse floral design around an inset threepence coin dated 1763. It is not hallmarked but that wasn't unusual for pieces such as this and surface tests are showing sterling silver. It is in very good condition for its age. There are some faint surface marks and a few light scratches and dinks but no major damages and it displays well. It has been gently cleaned and polished and is ready for use. Approximate Measurements : Length : 10 3/4" / 27.5cm Bowl Width : 2 1/4" / 6cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
