Description

Decorative French Marble Console Table – Rococo Flourish, Circa 1900 A superb French console table dating to circa 1900, richly carved in the Rococo style and crowned with a white marble top of elegant proportion. The frame is finished in a distressed antique white, highlighting the exuberant scrollwork, floral motifs, and pierced apron that define its decorative charm. The cabriole legs are gracefully shaped and united by a central stretcher, adding both stability and sculptural presence. The marble top, subtly veined and cool to the touch, offers a refined contrast to the ornate base—perfect for hallways, salons, or as a statement piece in a curated interior. Ideal for stylists, collectors, or designers seeking authentic French decorative furniture with theatrical flair and timeless appeal. Nationwide delivery available.
