Description

An impressive George V era silver oval photo frame with clear hallmarks for Chester 1914 and makers mark for Colen Hewer Cheshire. This frame makes a statement because of its size and its height due to its two integral silver outswept legs. The silver is smooth and plain and wraps round the sides, ensuring no distraction from the photo inside. It has an oak easel back, restored with new hinge and keepers. An outstanding frame in excellent condition. Image dimensions 20cmx12cm.
