Description

Oh!.....What a clock. Very seldom does such a clock come to the market. A unique opportunity to acquire a vary rare and much desired piece of the highest quality workmanship. Made by THOS. MORELAND of CHESTER, this 8 day, William IV period clock has a twin fusee movement. It strikes the half-hour and the hour on a bell. It has a white, 12" dia. convex dial with black Roman numerals and black steel hands. It has a cast brass bezel and convex glass. Everything to the clock is original. The flame mahogany case has a hinged and lockable drop down door to the chamfered base and a side opening door also. It has fan shaped carved wings to the sides of the case. It retains it's original french-polished finish and has a beautiful deep, rich, patina. It has just been serviced by a fully registered member of The British Horological Institute and carries a full parts and labour 1 year gaurantee.
