Description

A good quality pair of brass table lamps dating from the early 20th century. They are designed in the Neoclassical style with ornate dolphin figures forming the base supports, winged feet on the triform base and an elaborate basket of fruit on the top. Above this sits the candle sconce with faux candle supporting the bulb holder. They are good quality pieces with lots of detail, good casting and a good weight. They are in working order and have been PAT Tested for electrical safety. They are in good condition and display well. There are some minor marks and general signs of age use but nothing detrimental. The surface has tarnished over time and has only been lightly cleaned to preserve its patination. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £12
