Description

Gents 1960s Garrard wrist watch. The watch has a Swiss 17-jewel hand-winding movement which is working nicely. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is stainless steel. It has some light marking but not too detrimental. The back of the watch states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in lovely condition (some reflection showing in the photos). The signed dial is in its original finish with original hands and centre seconds hand. A new leather strap has been fitted. The watch comes in its original Garrard presentation box (later insert).
