Date of manufacture: 1960

Description

Gents Longines wrist watch, 1960. The watch has a 17-jewel calibre 30L hand-winding movement which is working nicely. The movement is fully signed and it has the serial number 11,536,152 which dates it back to 1960. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in lovely condition. The inside of the case back is signed with the Longines name and wings logo. Later plain winding crown. The lens is in lovely condition. The signed dial is a rare design with a two tone finish. There are some patches of darkening. The dauphine shaped hands appear to be the originals, and are certainly of the right design for the period. A new leather strap has been fitted. The watch comes in a new presentation box.
