Description

A charming pair of coastal genre paintings, each executed in oil on wood (or board) and signed by the same hand. Both works depict scenes of seaside life with figures in traditional dress, set against atmospheric skies and sweeping shorelines. The artist captures the rhythm of daily coastal labour with warm, natural tones and a gentle sense of movement. Presented in complementary frames, they make an attractive and characterful pair, ideal for adding period charm to any interior. Internal reference : SAI4058
