## Description

French Art Deco Lamp with Lady & Glass Globe Shade A charming example of early 20th-century French Art Deco lighting, this decorative table lamp features a beautifully cast figurine of a seated woman holding a frosted glass globe shade. The crackled surface of the globe shade gently diffuses light and the figurine sits on a black Portoro marble base with rounded corners, supported by brass feet. Re-wired with an inline torpedo on/off switch and European plug, this lamp is in working order. Perfect as a statement piece in living rooms, studies or bedrooms, it complements both traditional and mid-century influenced interiors with sculptural presence and historic charm.
