**Date of manufacture: 18th Century**

Dimensions

Height = 85 cm (33.5")

Width = 115 cm (45.3")

Depth = 55 cm (21.7")

## Description

A very fine quality 18th-century chest of drawers, raised on four bun feet. The piece features an unusual sliding top panel, constructed to withdraw in the manner of a drawer, allowing it to be used as an ironing surface at a time when separate ironing boards were not in common use. This practical and historically interesting feature makes the chest a particularly rare example of period furniture. The chest is finished in walnut veneer and is offered in good antique condition.
