Description

We defy the new owner not to fall in love with this table it really is a gem. For your consideration is this superb high style original 1930's figured Walnut table of good proportions. This table is extremely heavy and oozes quality. The veneers are book paged to the top and have the most glorious and appealing pattern. The finish is a highly lacquered mirror finish adding to that extra opulent feel. These tables really don't come onto the market very often. See dimensions for full impact of this table, perfect piece to stand centre stage in your chosen room. The whole piece has been fully and professionally restored and so comes to you in fabulous condition with no damage or defects to report. This particular shape is one of the more rare shapes and particularly hard to source, this being our only second ever example in 15 years. This table would not have been cheap in it's day and wasn't marketed for the masses but the discerning monied clientele who seek both kerb appeal and exceptional craftsmanship. Totally original having been sourced with a few other high end pieces from one family from new and it's first time being offered to market. The table is exceptionally heavy...
