Description

A gorgeous antique Regency style mahogany leather top desk / writing table. This was made in England, it dates from around the 1930's period. It is of outstanding quality and is a lovely, useful size. The flame mahogany grain patterns on the drawers are stunning and they have fine, hand cut dovetailed joints. There are wonderful beaded borders around the drawer fronts, side and back panels. The back is also nicely polished so this can be used as a free standing item. It stands on a beautiful stretched base with gorgeous harp shaped legs that stand on brass capped casters. The top has a lovely pierced brass gallery around the back and sides, with cross banded edges and an inset slightly faded green leather writing surface with gold tooling around the edges. We have had this recently re-polished, the condition is excellent for its age. The leather has acquired a gorgeous colour tone and patina, with just the right amount of wear. Width – 39 inches , 99 cm Depth – 25 inches , 64 cm Height – 30 inches , 76 cm Knee height – 24 inches , 62 cm
