Description

Large & Rare Doulton Burslem Patent Aesthetic Jug – US Patent No. 314,002 A fabulous, large, and rare Doulton Burslem Patent jug, executed in the Aesthetic Movement style and covered by US Patent No. 314,002. This striking piece is richly decorated with raised, swooping birds dramatically overlaid upon a deeply textured body, resulting in a bold and highly sculptural surface that perfectly embodies the aesthetic ideals of the period. The jug is further enhanced by its impressive handle, terminating in a finely modelled bird's head, adding both visual impact and sculptural refinement. The combination of texture, applied relief decoration, and fluid form makes this jug a true statement piece and a genuine work of art. Examples of Doulton Burslem wares with US patent protection are notoriously scarce, and pieces of this scale and decorative ambition are especially desirable to collectors of unusual and experimental Doulton Burslem ceramics. Dimensions: Height: 27 cm Depth: 28 cm Width: 17 cm Notes: A substantial and visually powerful example, strongly representative of late nineteenth-century Aesthetic design. A rare opportunity to acquire a distinctive and highly colle...
