The hands are matching gold. The hallmarks and movement serial number indicate that this watch was made in 1951. It measures 34mm in diameter without the winding crown. The perfect gift for someone turning 75 this year. Its the most original and perfect unrestored and complete example you will ever see. We can fit almost any colour or style of strap you prefer. This is one of the best and most original examples we have ever seen. A superb collectors pi...
