Description

Tonally perfect! All colours are beautifully balanced and individually beautiful. What a great red, with singing yellows, light blue and green, I love this carpet! Made over 100 years ago in North West Persia, it is a timeless expression of artistry that will never go out of fashion. Showing light wear but absolutely strong for the floor and could easily go for another 100 years- underlay recommended. 9'1" x 12'2"
