Description

Edwardian Fiddleback Mahogany Wellington Chest of Drawers – Antique Tallboy This elegant Edwardian fiddleback mahogany Wellington chest is a fine example of early 20th-century English craftsmanship. Constructed from richly figured mahogany, the chest displays striking fiddleback grain throughout, enhanced by a warm, polished patina developed over time. The tall and narrow Wellington form makes this piece particularly practical, offering generous drawer storage while occupying minimal floor space. The chest features a series of graduated drawers fitted with original-style brass swan-neck handles, framed by clean, understated lines typical of the Edwardian period. Both functional and decorative, this antique mahogany Wellington chest is ideal for use in a bedroom, dressing room, hallway, or study, and works equally well in traditional and contemporary interiors. A timeless antique that combines elegance, quality, and everyday usability.
