Description

A stunning, fine and impressive 0.90 carat sapphire and 0.36 carat diamond, platinum ring; part of our diverse collection of engagement rings. This stunning, fine and impressive antique sapphire and diamond cluster ring has been crafted in platinum. The oval shaped, cluster design is ornamented with a feature 0.90ct cushion cut blue sapphire, four-claw set in subtle relief to the centre. The central sapphire is encircled by twelve pavé set transitional modern brilliant round cut diamonds, totalling 0.36ct. The pierced decorated, elevated ring shoulders integrate with the main setting and blend seamlessly with the plain hallmarked ring shank. The interior of the shank is hallmarked with the platinum mark (PLATINUM) and this antique sapphire ring has been independently tested using state of the art technology (Niton XL2 Analyzer) and verified as platinum. The antique blue sapphire cluster ring is supplied with an IDGL diamond grading report card. This cushion cut sapphire engagement ring in platinum is an elegant alternative to a traditional diamond ring, making it perfect for engagements, anniversaries, or celebrating enduring commitment. Images do not always reflect actual appearance.
