Description

English Regency Mahogany Two-Drawer Side Table, Early 19th Century A refined English Regency period mahogany side table, early 19th century, of elegant and well-balanced proportions. The rectangular top sits above a pair of neatly fitted drawers, each retaining its original brass oval plate handles, with fine flame mahogany veneers to the drawer fronts. The table is raised on four slender, turned and spiral-fluted legs, terminating in turned feet, the restrained detailing and clean lines reflecting the classical influence characteristic of the Regency period. The piece displays a warm, rich patina throughout, with attractive grain and subtle tonal variation. Well suited for use as a side table, console, or writing table, this piece combines decorative appeal with practical storage, making it versatile for both traditional and contemporary interiors. England, circa 1815-1830. We can arrange delivery through out the UK and ship worldwide please enquire for our competitive prices
