Description

A beautiful set of 6 Georgian silver teaspoons with fluted bowls and elegant handles. They are excellent quality and weigh approximately 57g. Each spoon is hallmarked for London, 1808 and they have a maker's mark "S.D". Some marks are slightly worn but all readable. They are in good condition for their age. There are some faint surface marks but no major damages and they display beautifully. They have been lightly cleaned and polished and are ready for use. The set comes in a lovely silk and velvet lined box, with fitted sections to hold each spoon. It has been later paired with the spoons but displays them well. The interior is clean and tidy and the exterior has a few minor scuffs around the edges but nothing detrimental. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £7 Rest of the world £25
