Description

A remarkable antique diamond solitaire ring. The impressive long cushion shaped diamond in the centre displays a gentle, light yellow hue - a colour highlighted by the 18k yellow gold setting. The stone is secured in a six claw hexagonally shaped collet with sharp, angular detailing in the gallery, leading to slightly chamfered shoulders to a slim 18k gold shank. We love dynamic created by the geometric lines of the setting against the soft imperfections of the old cut diamond. Accompanied by a diamond grading report from WGL. Cut: Old mine cut. Colour: K. Clarity: SI1. Carat: 3.71. Circa: 1910. Size: M (UK) or 6 (US). Free sizing available. Measurements: The diamond is 9.69 x 8.68mm and sits 7.0mm from the finger. Weight: 3.74 grams. Metal: 18k yellow gold. Tested with a Niton DXL Precious Metal Analyzer. Video: To view videos of this ring, please either contact us or copy / paste the following link into your browser:
