Description

Antique Baume & Co half hunter pocket watch. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is signed with the B&Co logo with three small stars, a mark which was formally registered in 1878 although there is evidence it was often used prior to this date. Baume & Co were importers of watches, including Longines watches, into the UK and the Commonwealth. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold filled Empress model from the American Watch Case Company. It is in beautiful condition. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in lovely condition (some natural light reflection showing in the main photo). The dial is in beautiful condition with blued steel hands, including the special half hunter hour hand so that the time can be read when the front cover is closed. The watch comes in a vintage presentation box.
