Description

Tabriz are famous for producing finely woven carpets, since the 15th century. This early 20th century example uses designs from ancient Tabriz carpets and is in excellent condition all over. The wool pile is excellent and high all over too, no old repairs visible and original fringes are showing with some losses to them. With an all over design, the drawing has been executed to perfection, with great symmetry, using a warm red background and light off white border. Perfect to enhance any room, it is a durable and strong carpet for the living room, dining room, entrance hall or bedroom. We supply underlay with every carpet to help keep the carpet flat and secure on the floor. If you request a home visit we will happily bring this Tabriz carpet for you to view in situ at a time and convenient day to suit you. We have offered this free, professional service for over 30 years, our team of experts have been working with antique carpets since 1990.
