Description

A curb link bracelet crafted from 9ct rose gold, weighing approx. 22.9 grams. The construction is hollow. The bracelet measures approximately 7 inches in length. The design consists of interlocking oval links, some of which are plain and polished to a smooth finish, while alternating links feature intricate, factory-applied engraved detailing across their surface. This variation creates a patterned contrast in texture and light reflection along the length of the piece. The bracelet is secured by a functional heart-shaped padlock clasp, which fastens securely. An accompanying rose gold safety chain provides additional security. The padlock and links bear 9ct hallmarks, confirming the gold purity. Approximate Dimensions & Weight: Length: 7 " 22.9 grams
