Description

The watch has a 24 jewel calibre 552 automatic movement which is working nicely. The movement is fully signed and it has the serial number 19,603,709 which dates it back to 1962. The watch measures 34mm diameter excluding the signed Omega winding crown and the lugs. The case is gold plated with a stainless steel back. It is all in good condition, just some slight rubbing if you look very closely. The inside of the case back has the Omega logo and also the case reference 14753 SC-61 which is correct for the calibre 552 movement, and it confirms the year of manufacture. The lens is in good condition, just a couple of minor marks, again you need to look closely to see them. The signed dial is in its original finish with original hands, centre seconds hand and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
