Description

A good example of an antique silver tea caddy with its original lid. It is a small rounded shape with crimped edges and is beautifully decorated with a swirling repousse design around a vacant cartouche. It is a good quality piece, weighing approximately 74g. It is clearly hallmarked for Birmingham, 1904 and the maker T.H.Hazelwood & Co. It is in good condition for its age and is certainly a usable piece. There are a few light surface marks and some small dings and minor dents to the edges but no major damages and it displays well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £7 Rest of the world £25
