Price

Sold**Item Reference: SA1196621****Date of manufacture: 18th Century**

Dimensions

Height = 28 cm (11.0")

Width = 41 cm (16.1")

Description

This rectangular bolster cushion is constructed around a central 18th-century hand-woven textile fragment. The antique fragment has been historically integrated with a later decorative border and topped with a metallic fringe, with a feather interior.. It has been recently professionally converted into a cushion, preserving the original textile while making it functional for a contemporary interior.

Internal Ref: 535
