Description

Outstanding Heavy Omega solid 18ct gold gents wristwatch from 1962. This is a very fine example of a gents classic wristwatch made by the world renowned premier swiss maker Omega. The watch is the rare and highly desirable Omega Constellation Chronometer with fully automatic calibre 561 24 jewel chronometer rated movement which has just been overhauled and serviced and comes with a 12 month warranty, as you can see it is in fabulous condition. This was Omegas top of the range watch in 1962. The dial is near perfect having just been professionally restored a few years ago. It has gold dagger hands and baton markers. The constellation logo on the back of the case is bright and crisp all of the eight stars are sharp and well defined, its had very little wear. As you would expect the watch is fully marked on the dial, movement and case. The heavy 18ct gold fully hallmarked case has been ultrasonically cleaned and lightly hand polished so it is absolutely pristine with sharp edges. The case was made for Omega by the British company Dennisons who made most of the solid 18ct gold cases used by Omega for the British market. Dennison cases tend to be around 25% heavier t...
