Description

A very pretty Italian gilded brass and crystal, five branch "birdcage" antique chandelier from the 1920's. Each five reeded scrolling arm holds gracious cut glass bobèche drip pans and arises from a wirework birdcage interior with wirework canopy, all decorated with crystal faceted pendants and having the original chain and ceiling rose. Three or four drops missing but not noticeable. Decorative glass turned elements finish the center of the cage and the bottom of the canopy. One central light. Wiring tested. Circa 56 cm width/diameter. Circa 62 cm height without chain and rose which come with the chandelier. The chain can be adjusted: with a piece of chain, 72cm looks good; with all the chain, height is 112 cm.
