Description

A fantastic Art Deco burr walnut nesting coffee table. This was made in England by Harry and Lou Epstein, it dates from the 1930's. This is of superb quality, with a beautiful flower shaped top and thick edges. It has a very useful design, with four pie shaped nesting tables that tuck nicely under the main table when not in use. The burr walnut grain patterns are absolutely stunning and this has a gorgeous colour tone. We have had this stripped and re-polished to a very high standard, the condition is superb throughout.
