Description

A beautiful and quality made small Georgian side table constructed from high value, honey coloured mahogany. The fold down sides reduce the overall space required for the table, whilst when fully open, it serves as a very useful size. Closed, the top measures just 14" X 20" (35 X 51cm). Fully open, the top measures 26" X 20" (66 X 51cm) There is a false drawer to one end and a full length drawer to the other. The beautifully turned legs have castors to the base for ease of movement. It is nicely polished with a rich, warm, age related patina that complements it's attractive honey coloured mahogany timber. A little gem of a table, useful in any home.
