Height = 42 cm (16.5")

Width = 37 cm (14.6")

Depth = 14 cm (5.5")

Description

An outstanding, fusee, wall clock that has every facet that we would take into account when assessing the quality of this style of clock. Amongst these: 1) Convex white painted dial with Roman numerals and birdsbeak hands. 2) Convex glass within a cast brass bezel. 3) Top quality mahogany case with brass stringing. 4) A very narrow surround which enhances the elegance of the clock. 5) Beautifully carved "ears" to the lower half of the case. 6) bottom and side opening doors. The 8 day movement has just been fully overhauled by our 9th generation, BHI registered horologist and carries our usual 12mths full parts and labour guarantee. Keeping perfect time and supplied with original winding key. It is difficult to overstate the outstanding features of this clock in comparison to the ordinary run of fusee wall clocks. Delivery available Worldwide. All cards accepted.
