Description

A lovely example of a gothic style table lamp dating from the early 20th Century. It stands on a quatrefoil base with a twisted upright and it has a lovely bronzed patina. It's possible that it was once a candlestick which has been converted to a table lamp at some point. It has been rewired to modern standards and is in working order with a valid PAT test. Approximate Dimensions : Height : 12 1/4" (31 cm) Base Width : 5" (13 cm) The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
