Description

A late 17th Century style longcase clock , it has a square hood, a long glazed door and turned bun feet. The well engraved brass dial has a silvered chapter ring, It has a weight driven Westminster chime movement, that sounds the 1/4's and hours on chime bars. The chimes and or strike can be silenced. It has three brass weights and a brass bob pendulum, wound by pulling the chains on a weekly basis. Made by Peerless .Delivery & set up available within a 100 mile radius of London Height 186 cm / 73 " Width 43 cm / 17" Depth 27.5 cm / 11" The case is in excellent original condition, the movement has been fully serviced and is guaranteed for 12 months. The brass weights and pendulum have been lacquered so they will not tarnish. If you would like a video clip of the clock chiming please email us.
