Description

Gents 1950s Dogma Prima wrist watch. The watch has a 15-jewel hand-winding movement, signed Dogma, which is working nicely. The watch measures 37mm diameter excluding the winding crown and the lugs. The case is chrome plated while the case back is stainless steel. There is marking and wear to the chrome plate, all in line with the age of the watch. The lens is in good condition. The signed dial has its original blued steel hands. There is some age related darkening but still easy to read the time. A new leather strap has been fitted. The watch comes in a new presentation box.
