Price

Sold**Item Reference: SA1198319****Date of manufacture: 1900**

Dimensions

Height = 26 cm (10.2")

Width = 46 cm (18.1")

Description

A good example of a large antique riveted copper bucket dating from the late 19th / early 20th Century. It has a brass band around the top, a rolled rim and a swing handle. It is a good quality example and the perfect size for a coal/kindling bucket. It is in good condition for its age and there are no major damages, splits or holes. There are some minor dinks and dents and signs of age and use but nothing untoward. The handle has likely been changed at some point in its life but it's not detrimental and it displays well. It has been lightly cleaned and polished and is ready for use. Approximate Measurements : Width : 18" / 46cm Height to rim : 10" / 26cm Height to handle : 18" / 46cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £15
