Description

A lovely pair of antique leather top mahogany side tables. They were made in England, they date from around the 1930's. The quality is superb, they have a smart and very useful design. The tops have wonderful inset leather with tooled edges and raised gallery edges. The lower sections contain two drawers and there is a useful lower tier. They sit on bracket feet and are finished on all sides including the backs, so can be used as free standing items. They would be very useful as lamp tables in a lounge or even as bedside tables. We have had them recently re-polished, the condition is excellent for their age. Width – 16 inches , 41 cm Depth – 19 inches , 49 cm Height – 26 inches , 65 cm
