Description

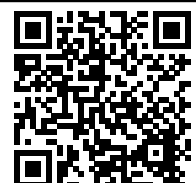

A glorious North Wales dresser, displaying a wonderful deep, warm colour with a rich patina developed over time. The base is arranged with three drawers over two cupboard doors, flanking a central bank of three drawers. The top drawer of the central bank is functional, while the two lower drawers are dummy. The dresser stands on shaped bracket feet. Above, the rack is nicely proportioned with reeded side columns, reeded shelf fronts and wide vertical backboards. The cornice is finished with roundel details to either side. Item Reference: M-6676A . Dimensions: Height - 210cm/ Width - 160cm/ Depth - 50cm . CONDITION REPORT: Overall in good, antique condition with wear, marks and scratches consistent with age and use. The top shows general surface wear and includes a distinct iron mark, considered part of its working history, along with further staining and scratches. There are knocks and scuffs throughout, as to be expected. The rack displays age-related wear with surface marks. Despite this, the dresser remains solid and structurally sound, retaining a rich patina that reflects its age and history.
