## Mahogany Wheel Barometer by Pedrini of Bristol

Price

**Sold****Item Reference: SA119917****Date of manufacture: 1800**

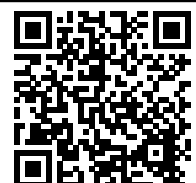

## Description

An excellent mahogany wheel barometer of good proportions and with high quality inlay. The 8" diameter silvered brass dial calibrated from 28" to 31" with engraved weather indications and star engraving to the centre. The barometer reading is indicated by a blued steel hand and can be recorded with a brass set hand controlled with the wooden set key below the main dial. The dial enclosed within a glazed convex brass bezel. The removable alcohol thermometer set on a silvered brass scale calibrated from -20° to 150° Fahrenheit. Also with hygrometer and rectangular level to the base of the barometer showing the makers name and place of work. The mahogany veneered case with high quality chequer strung edge inlay, swan neck top and a brass finial.
