Description

Pair of Victorian button back easy chairs This Pair of Victorian button back easy chairs were made in the early Victorian period circa 1850. The superb quality carved rosewood frames with the deep buttoned fine English leather upholstery that has been aged so that it looks to have been on these since they were first made. Securing the leather upholstery are the hundreds of brass studs that take patience and skill to gently tap each one in place. The backs with the deep buttoned backs that have the arms that sweep down to the beautifully flowing carved arms and the crisply carved hand grips. The serpentine shaped seats are above the superb front legs that have the carved bulbous and lapped turned legs with the brass cup castors. This pair of chairs will give you much pleasure of ownership and hours of relaxation as you sit back and chill after a day's work.
