Description

Description A very unusual and rare example of a 19th-century Roemer wine glass. It has a light amber cup bowl with small applied amethyst prunts on a coiled, light amethyst foot. From a long-term private collection, we can't recall seeing another example like this. **Date & Origin** England, c1830 **Condition** Excellent, no cracks or restoration. There is a very small piece of the foot trailing missing just below the bowl, which can be seen in the main picture. It's very minor. **Dimensions** Height: 11.5 cm Bowl diameter: 6.1 cm Foot diameter: 7.7 cm.
