Depth = 12 cm (4.7")

Description

Hi I have for sale a 1960s French carriage clock made in France by L'Epee, and it is like new, as if it were old shop stock, in mint condition. This is the best carriage clock of this type we have ever had the pleasure to own, and the biggest it is like a house brick. Please note the other carriage clock is for sale separately its in one picture, so you can gauge the sheer size of this clock. The Case The case is in solid brass in the most popular case style. She stands 26cm high x 14.5cm wide with a depth of 12cm it is in perfect condition with mint bevelled glass sides/front/back door and top viewing glass. The Dial The dial is in mint original condition in white; the clock also retains its original black moon hands. The Movement The movement is an eight-day time and strike which hits a nice crisp bell on the hour and the half hours; the movement has been serviced and oiled so keeping great time over the eight days via the original escapement to the back. The movement is fully signed to the rear plate. The original key is included. Overall, a very beautiful, big quality carriage clock by a quality French maker that looks stunning on display and contains all of its origi...

Internal Ref: Large L'Epee CC
