Height = 20 cm (7.9")

Width = 10 cm (3.9")

Depth = 8.5 cm (3.3")

Description

Hi I have for sale a 1890s French carriage clock; the clock case and movement have been fully restored, ultrasonically cleaned, and the movement re-built, oiled run and tested, and the platform escapement fully cleaned and serviced, so a few hundred pounds saved against a cheaper clock. This is a genuine French cloisonné enamel carriage clock not a modern reproduction or China copy if you are looking for one of those, there are plenty on EBay to choose from. The Case The case is in the Art Nouveau style in solid brass and stands 20cm high x 10cm wide with a depth of 8.5cm it is in perfect condition with mint enamel panels and dial mask. This case has the enamel sides and dial plate. The Dial The dial is in original condition, enamel inlay with Roman numerals and housed in a shiny solid thick brass plate covered in enamel simply beautiful and in great original condition this clock would have cost a small fortune when new. A lot of work has gone into the dial plate it is a real work of art., the clock also retains the original gilt spade hands. The Movement The movement is an eight-day Repeater so strikes the hours and halves, the movement has been fully ultrasonic clea...
