Description

Antique silver Syren half hunter pocket watch, 1920. The watch has a Revue Thommen stem-winding movement which is working nicely. This is a good quality movement with screw-set jewels and snail cam micro regulator. The movement is signed Syren, a brand name registered by Revue Thommen. The movement is protected by an inner hinged cover which has a little scratching. The watch measures 52mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the three covers for Birmingham 1920, with a case maker's mark for Aaron Dennison. The case is in lovely condition. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in lovely condition. The dial is in super condition too. Original blued steel hands including the special half hunter hour hand so that the time can be read when the front cover is closed. The watch comes in a vintage presentation box from a Hull jeweller.
