Width = 8.5 cm (3.3")

Depth = 7.5 cm (3.0")

Description

Hi I have for sale a 1880s French striking and repeating carriage clock made in France with the original silvered platform and brass winding key. The case and movement have been fully restored the movement has had new springs(2) so it is not often seen for sale in this condition. The Case The case is in solid shiny brass and stands 17cm high x 8.5cm wide with a depth of 7.5cm it is in good original condition with mint thick 5mm bevelled sides/front/back door and top viewing glass. The case is very heavy and shiny and very hard to photograph they do not do the clock justice at all. The Dial The dial is in original condition in white porcelain in great condition, with stunning bold Roman numerals. The clock also retains its very fine original black moon hands. The Movement The movement is an eight day time and strike which strikes the hours via a small sweet gong to the rear also has the repeater button on top to repeat the last hour strike, the movement has been serviced ultra sonic cleaned hand polished had 2 new springs re-built and tested so keeping great time over the eight days and jewelled serviced platform escapement this work was carried out about two months ago ...

Internal Ref: CC Repeater
