

SA1199845

Antique Illinois pocket watch, 1883

Price

Sold**Item Reference: SA1199845****Date of manufacture: 1880**

Description

Antique Illinois pocket watch, 1883. The watch has an 11 jewel stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 455,842 which dates it back to 1883. The movement is protected by an inner hinged cover. This chunky watch measures 59mm diameter excluding the winding stem and the loop. The case was made by the Newport Watch Case Company and is coin silver which is an alloy of 90% silver and 10% copper. The case is in good condition for such an early piece, the odd minor mark and a hint of unevenness to the back but nothing too serious at all. The acrylic lens is in good condition. The signed dial has three very faint hairlines, and small chips to the edge although the majority are covered by the bezel. Lever set hands... the minute hand is a period replacement. The watch comes in a new presentation box.
