These amazingly beautiful original circa 1890/ 1900 French doors are shown on the main photo as if in situ in a doorway thanks to AI, but we have had them as large shutters inside our bay window (see other photos) They could be reinstated as all the fitting are present, and could be repainted to the colour of your choice or simply stripped back to the original pine. The stained glass and the lead are all original and totally undamaged. The wood is also worm free and damage free. Height is 198cm. Width of each door is 51cm and 54cm respectively, and the total width when the doors are installed together is 103cm.
