Description

Gents 1960s Omega Seamaster Cosmic wrist watch. The watch has an automatic movement which is working nicely. The watch measures 33mm wide excluding the signed Omega winding crown, and 33mm high excluding the lugs. The case is stainless steel and it is in good condition with just minor surface marking, nothing serious at all. The back of the watch has the Seamaster logo, along with the case reference 165022SP. It also states that the watch is waterproof but, as with any vintage watch, it should be kept away from water and moisture. The lens is in good condition. The signed dial is in good condition, just a very slight indentation between 4 and 5 but not immediately obvious. Original hands and centre seconds hand. A new leather strap has been fitted. The watch comes in a new presentation box.
