Date of manufacture: 1920

Dimensions

Height = 129 cm (50.8")

Width = 75 cm (29.5")

Depth = 28 cm (11.0")

Description

A charming antique oak glazed bookcase cabinet, crafted in England in the early 20th century. This elegant piece features a single glazed door with classic leaded glass panels, allowing a beautiful display of books, decorative objects, or collectables. The cabinet stands on turned front legs with a stretcher base, giving it a light and refined appearance typical of English furniture from the interwar period. Inside, the bookcase offers multiple shelves providing practical storage while maintaining a compact footprint. The door retains its original brass handle and working lock with the original key, which is a desirable feature rarely preserved in pieces of this age. The warm oak grain and simple proportions make this cabinet suitable for both traditional and modern interiors. Very good antique condition. Structurally solid and stable. The glass panels are intact, the door closes well, and the lock works with the original key. Minor signs of age consistent with nearly 100 years of use.

Internal Ref: B034
